Desired qualifications: Experience with or affinity for research and design in the fields of "public space" and "mobility" in urban and regional scale. Didactic skills and readiness for preparation and conduction of courses. Interest in a doctoral programme in the above-mentioned research area, as well as participation in research projects of the institute. Affinity in visual communication and good skills in the field of graphic design. Knowledge of German and English in speech and writing.

1 position as a University Assistant Substitute for 40 hours / week, probably from May 15th, 2019 at the Institute of Urbanism, Faculty of Architecture, University of Technology Graz/Austria.

CODE: 1450/19/004

Deadline for applications: March 13th, 2019

Requirements: Completed diploma or master's degree at a university study of architecture and / or urbanism and spatial planning.

Desired qualifications: Experience with or affinity for research and design in the fields of "public space" and "mobility" in urban and regional scale. Experience in the processing and acquisition of research projects desired. Teaching experience an advantage; very good knowledge of German and English in speech and writing.

Classification: B 1 according to the collective agreement for the employees of universities; the monthly minimum fee for this use is currently €2.864,50 gross (14 × year) and may possibly increase by acknowledgement of prior specific experiences on the basis of collective bargaining agreements or other with the peculiarities of the workplace related salary components.

Graz University of Technology has the strategic goal of increasing the percentage of women especially in management and academic positions, and therefore explicitly encourages qualified female candidates to apply. Until a balanced proportion of women among the staff has been reached, women having equal qualifications to other candidates will be appointed preferentially.

Application, CV and other relevant documents have to be submitted to the Graz University of Technology, Dean of the Faculty of Architecture, Univ.-Prof. BDA DiplArch Petra Petersson, Rechbauerstraße 12 / I, A-8010 Graz or optional per e-mail (dekarch@tugraz.at) including the exact description and the code shown above. Applications must be received no later than the application deadline.

The TU Graz does not replace travel costs incurred in connection with the application.

The Dean: Petersson
